

THE PLAN

The entry point of the ACTUARY career is passing a math test.

The average STARTING wage is \$80,000.00 per year.

The average CAREER wage is \$145,000.00 per year.

If you want to eat an elephant, you start with cutting it into tiny bite size pieces. This is exactly what I have done for you. (See second sheet.)

Reviewing the study materials takes 1 to 2 months at 1 hour per day.
